

**ENVIRONMENTAL JUSTICE ENFORCEMENT TASK FORCE
COACHELLA VALLEY
AGENDA ITEM FOR NEXT MEETING**

Requested by:	Trish Johnson, Trish.Johnson@arb.ca.gov , 916-445-3365
Title of Topic:	CARB Truck and Bus compliance through DMV registration
Purpose (outreach, information needed, general discussion, update, solicit request, etc.)	Describe a new automatic process to verify Truck and Bus compliance through California Department of Motor Vehicles registration.
Desired Outcome (outreach, action, more information, status update, training, etc.)	Hear from community members about the new effort and any concerns related truck and bus emissions in Coachella Valley.
Background (Information on the subject matter, past actions, report, etc.)	<p>Beginning January 1, 2020, the California Air Resources Board's (CARB) Truck and Bus Regulation will be enforced through a new automatic process. Senate Bill 1, the Road Repair and Accountability Act of 2017 (SB 1), was signed into law on April 28, 2017. This bill states that the California Department of Motor Vehicles (DMV) must check that vehicles are compliant with, or exempt from, CARB's Truck and Bus Regulation. The new DMV compliance verification process will better enforce the regulation and level the playing field for businesses throughout California.</p> <p>If a vehicle is not compliant with the rule, DMV will no longer register that vehicle, starting January 1, 2020.</p>
