

Urban Conservation Corps Tire Program

**The UCCIE is helping communities across the
San Bernardino and Coachella Valley
Counties**

*Our goal is to collect as many tires as possible from
illegal dump sites and anywhere else they may have
been dumped.*

With your help we can clean the cities!

The type of paid work experience that the UCCIE offers includes public land management, recycling, forestry and natural resource protection. We work in the mountains, deserts and forest areas throughout San Bernardino and Riverside Counties. We will teach students how to properly dispose of all recycling products including E-Waste.

Together let's make the
